Live Wire , Gandhipuram

M.com   2022-2024

Kongunadu Arts and Science College

B.com(Accounting And Finance)   2019-2022

Sri Krishna Adithya College Of Arts and Science College

Projects

SOCIAL MEDIA WEB APPLICATION

Social Media Web Application

Developed a full-stack social media platform with user authentication, posts, and real-time updates using the MERN stack.
Frontend: Created an interactive user interface with React, allowing users to register, log in, create posts, and like or comment on posts.
Backend: Built a RESTful API using Node.js and Express.js to handle user authentication (JWT) and CRUD operations for posts and comments.
Database: Used MongoDB to store user profiles, posts, and interactions, optimizing queries for better performance.
Implemented real-time updates using Socket.IO to enable real-time notifications and live post interactions.
Followed
authentication and authorization best practices for secure user management.
Deployed the application using Heroku and MongoDB Atlas for seamless integration and scalability.

PORTFOLIO WEBSITE

Personal Portfolio Website

Built and deployed a personal portfolio showcasing web development projects.
Implemented HTML, CSS, and JavaScript to create an interactive and responsive UI.
Deployed the project on GitHub Pages with continuous integration using
